Notice: this first step evaluation is graded with marks up to 30. Candidates with grade less than 18 are NOT ADMITTED to the second step.
Applicants with a grade of 18 or higher are eligible for the second step which will consist in an interview to be held on:

SEPTEMBER 10, 11,12 ROOM C005 (Building C - Ground Floor)
at Roma Tre University, Department of Mathematics and Physics
in Largo San Leonardo Murialdo n. 1 – 00146 Roma

Please confirm your participation in person to the interview by email to: dottorato.matematica@uniroma3.it. Upon motivated request, if it is impossible for you to be present (in person), you will be interviewed on Teams. In such a case you will receive the meeting link at the email address you provided.

Please be aware that each time-slot will be used for several interviews, so you should be patient and wait for your turn.

If you requested a remote interview, you should be available on Microsoft Teams at the time indicated in the table above and wait to be contacted by the committee.

We take the opportunity to inform you that during the interview the candidates will be asked to discuss with the committee their mathematical interests, illustrating their master thesis, their future projects, and their connection with the research areas in the Department of Mathematics and Physics at Roma Tre University (in about 10 minutes plus questions). Moreover, each candidate will be asked to give a brief presentation (in about 10 minutes plus questions) on one topic, chosen by the candidate among the three topics indicated in the previous table (for the list of topics see the file “Oral_Topics_XLII_ciclo.pdf”). The interview will last about 30 minutes.

At the beginning of the interview, candidates will be asked to express their willingness to accept a position without scholarship.

Finally, please remember to have your passport or other ID document with you for the interview.
